

Child Protection Education Program Interactive Live Stream for Primary Schools

Funded by the **NSW Government**, YWCA NSW is delivering a **FREE** Child Protection Education Program to Kindergarten - Year 6 students in NSW.

The program is **aligned to the NESA PDHPE Syllabus** focusing on the three key themes; Recognising Abuse, Power in Relationships and Protective Strategies. The aim of the Y-PEP program is to complement and strengthen the existing child protection education curriculum outcomes delivered by school teachers.

The Interactive Live Stream Workshops are broadcast over **2 x 1 hour workshops** per stage group.

The timetable has been designed to fit within your school's calendar with ease, by offering two Stage Workshop options for delivery per week. The content is a combination of informational inputs, group activities and discussions, allowing students to learn the content in a variety of ways. Classes can share questions, comments and images of activities with the other live stream participants across NSW.

Experienced Y-PEP presenters deliver the workshops suitable for varying levels of skills and create age appropriate and engaging content enabling the students to feel safe.

What are the outcomes?

As a result of this program, young people will have;

- An increased awareness of safe and respectful relationships
- An increased knowledge and understanding of rights and responsibilities in relationships
- Increased their skills in recognising, assessing risk and responding to unsafe situations
